Enter your username and password.

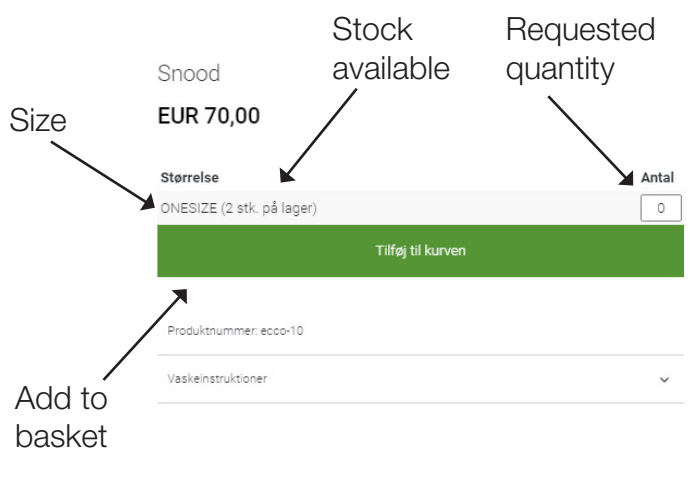

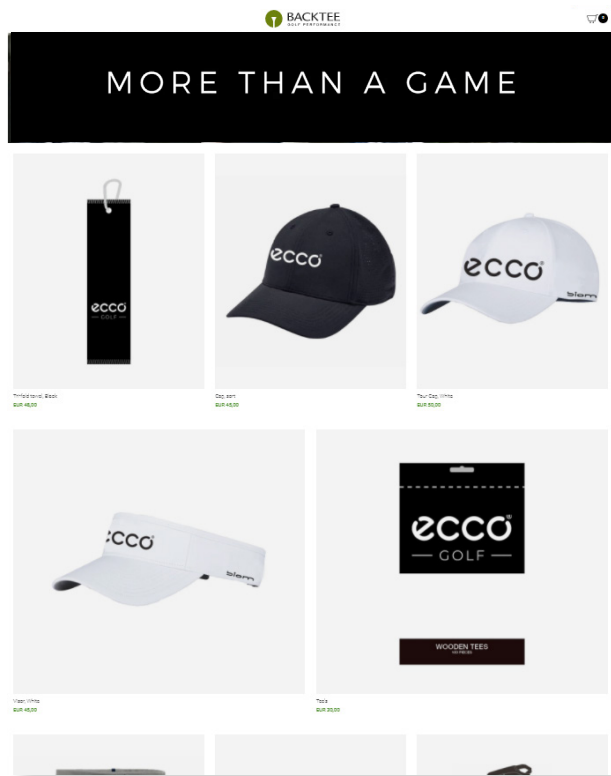

Once you are logged in to your user, you will immediately get an overview of all products available.

When clicking on a product, you will see pictures of the product from several angles, as well as facts, price and info about the specific product.

Most products are only available in onesize, but the clothing products will be possible to choose in different sizes.

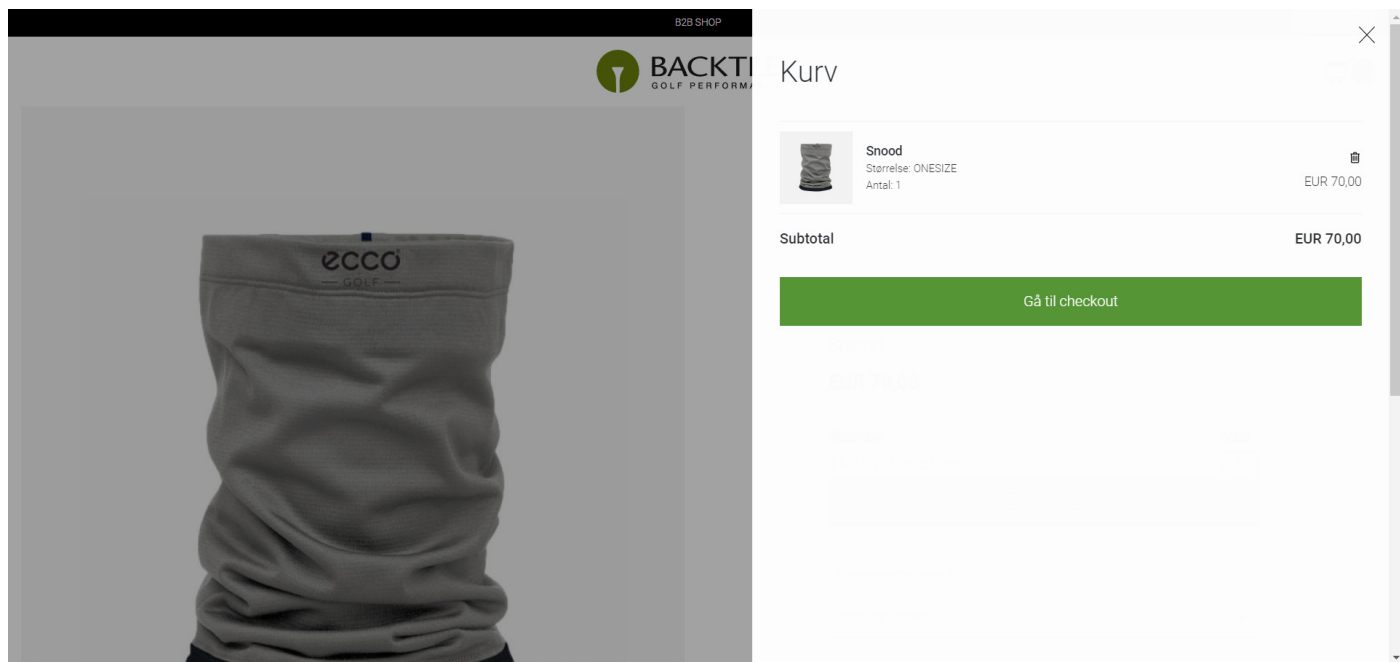

Next to the size you will see the current stock and availability.

In the far right box, enter the quantity you want, and click add on the green button, your products will then be added to your basket.

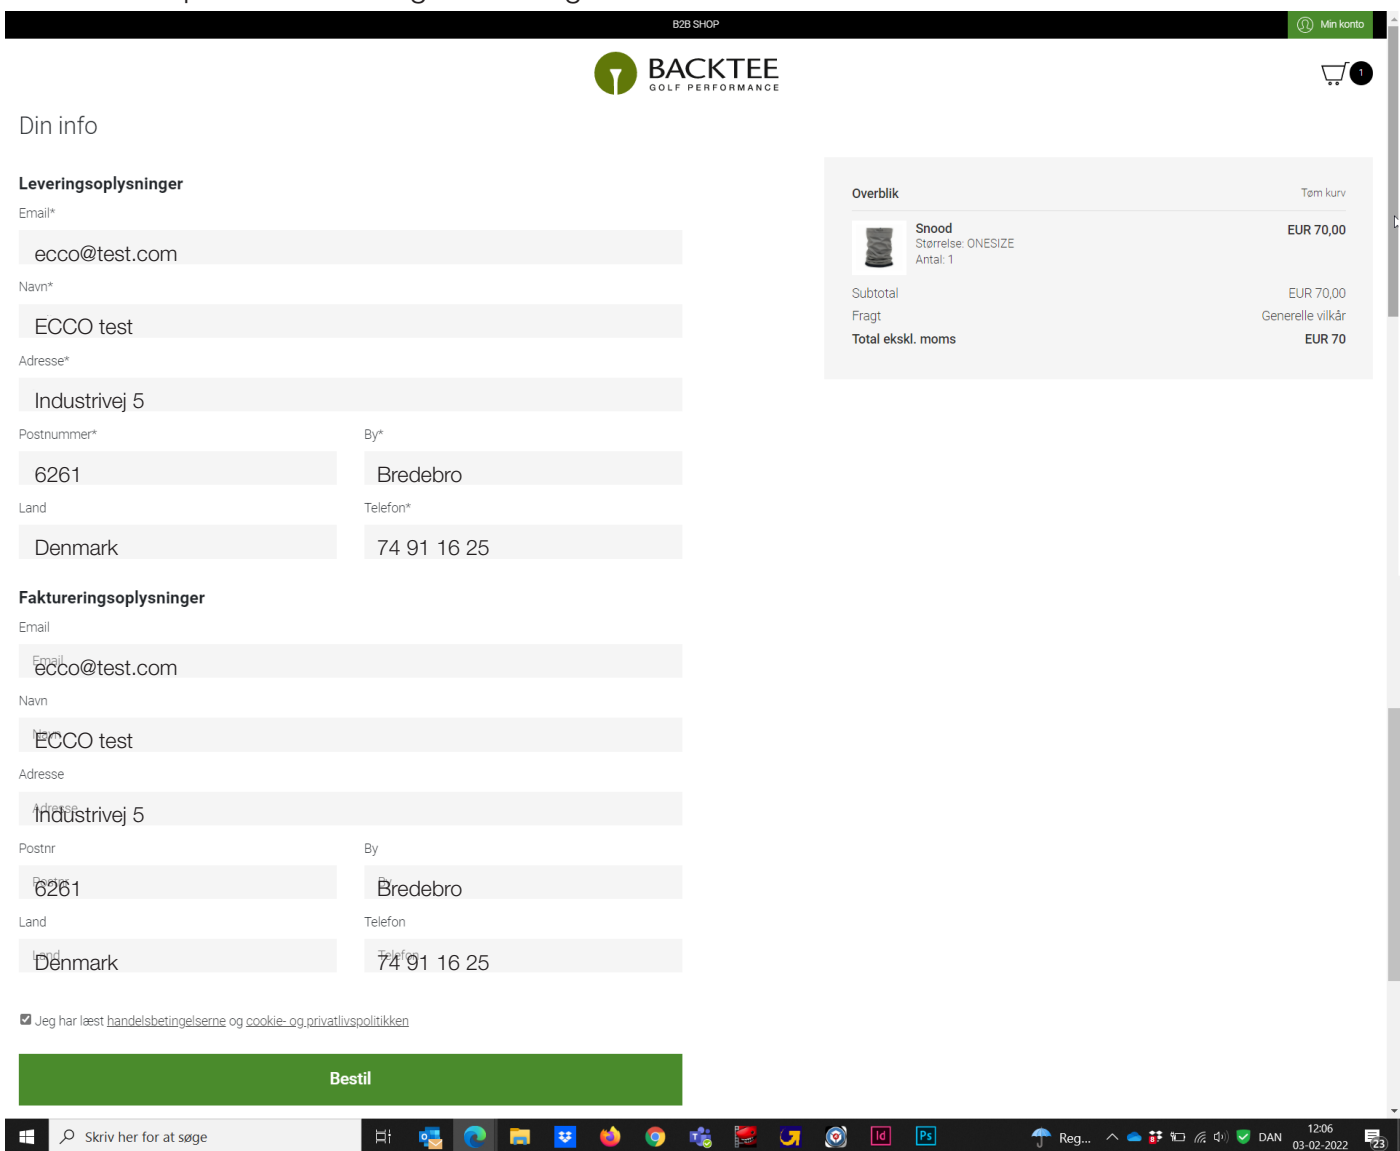

Click on the basket  to get an overview of your order.

When your order is complete, click on the green button to go to checkout.

Enter the delivery information for where you want the package delivered.

It will not be possible to change the billing information.

Your order has now been received.

If the package is to be delivered to an address in Denmark, you will receive the package within 1-3 days. Orders abroad will be delivered within 2-5 days.

You will also receive an order confirmation by mail.
